

Advertisement for the post of Chief Executive Officer (CEO)

About the Company

Indian Institute of Technology Tirupati (IITT) has established the IIT Tirupati Navavishkar I-Hub Foundation (IITNiF) to facilitate the Technology Innovation Hub (TIH) on Positioning and Precision Technologies (PPT) approved by National Mission on Interdisciplinary Cyber-Physical Systems (NM-ICPS) and coordinated by the Department of Science & Technology (DST), Government of India. The Hub has been registered as a Section 8 Company under Companies Act 1956. The Company will be initially supported by DST for five years, following which it should generate its revenue to continue with its functions. The Company aims to create a strong foundation and a seamless ecosystem to promote knowledge generation, translation research, technology and product development, human resource development, innovation & commercialization standards and international collaborations in PPT.

About IIT Tirupati

IIT Tirupati is one of the twenty-three IITs created by an Act of Parliament as Institutes of national importance. Our objective is to nurture scientists and technologists of the highest caliber who would engage in research, design, and development to help build India towards self-reliance in her technological needs. IITT started functioning in 2015 and is amongst the youngest premier institutes in the nation. Since its inception, IITT has engaged in providing meaningful education in engineering and science while conducting original research of the highest standard. The Institute boasts of a sprawling 548-acre campus with a dedicated 19-acre space earmarked to establish Research Park and Innovation Hubs.
